4 Know your Local School Board

- If you do not know your school district, just check your latest property tax bill!
- Find the names of the members and the time/place of their meetings
 - Attend the meetings to learn what is happening with your tax dollars and what is being taught to the children in your area
- Some parents are organizing to put children first by replacing liberal school board members with people who will represent their values.
 - Forest Hills School District Candidates - <https://www.fourforforesthills.com/>
 - Bob Bibb, Katie Stewart, Sara Jonas, Linda Hausfeld
 - Sycamore Schools

5 Know your Township/Village/City Officials

- Find their names and attend the meetings!
 - Talk with the members before and after the meetings.
 - Immediately ask questions if you feel that the process is not transparent.
 - A few dedicated people can totally change the priorities and processes of local government actions!

6 Learn about the Convention of States

- Convention of States is a national grass roots organization urging state legislatures to use their powers under Article 5 of the U.S. Constitution to propose amendments restoring limits on the power of the federal government, including the increasingly independent federal bureaucracies.
- Opinion is divided on the Convention of States process, but there is no doubt that support for this effort will force the bureaucrats to listen to the millions of people who are calling for things like Term Limits and a Balanced Budget Amendment.
- Learn more and sign the petition at <https://ConventionOfStates.com>

7 Speak Out! Show Up! Stand For Freedom!

- Do not be discouraged by the pace of change. The people controlling this destruction of America are counting on you giving up.
- Speak Out anytime, anywhere when you encounter people attempting to remove your personal freedom. Silence is consent.
- Show Up whenever possible for local school board and government meetings. Meet with elected officials, they work for you. Make sure they know your concerns.
- Stand For Freedom at home, at work and at play. Our only hope for restoring liberty in America is to show that we are the overwhelming majority and we are not going to be the generation that sees the end of the American Dream.
